Brand Superiority 品牌优势

We have a wide range of import resource, allowing consumers to appreciate the Italian aesthetics brought by imported Italian slabs without leaving home.

What's more, **the advanced professional equipment is the key for us to maintain a high-quality production.**

The most important thing is that we have a top design and R&D team, with a deep and extensive understanding of stone.

Due to 20-year experience of production and processing, we can not only create high-quality products with high end aesthetics, but also care about the demands of each consumer.

我们拥有更广泛的进口资源，让消费者足不出户享受意大利原装进口岩板带来的意式美学；

我们有着业内顶尖的专业技术以及设备，拥有高品质的生产线；

最重要的是我们有着业内更好的设计研发团队，对石材的理解深刻而广泛。

有 20 年的石材生产和加工的经验，不仅可以塑造高审美高质量的产品，更在意每一位消费者的诉求。

Product Advantage 产品优势

Our Porcelain Slab has better machinability and toughness, in hence greatly reducing transportation loss.

For its obviously high fidelity, it perfectly restores the texture of natural stone and reflects its soul, that's why it would be truly restored, natural, pure, massive, warm and delicate.

In terms of ink and color, there would be better chroma, since the number of color channels is as many as ten, and the effect of imported ink is far from other porcelain slabs in the supermarket.

With Moh's hardness not less than six degree, our Porcelain Slab has excellent performance in hardness, wear resistance, and compressive strength, bringing consumers the ideal quality of tile slab.

Better polishing processing with high quality dry granular brings out superior flat surface with less water ripple.

Better spacial decorative ability comes from our rather comprehensive and diversified color system, richer textures, and more artistic natural artistic composition, closely connecting with spacial aesthetics.

More flexible customized services, providing designers with a full range of matching services.

更好的可加工性，更具韧性，可极大减少运输和加工损耗；

更高的逼真度，不仅完美还原天然石材的纹理，更能体现出真石之魂，做到真正的还原、自然、纯粹、厚重、温润以及细腻；

更好的色彩鲜艳度，远超市面其他岩板，色彩通道数量多达十个，采用全进口墨水；

更高的耐磨度，莫氏硬度大于六级，硬度更高、耐磨性更强、抗压强度高，志在带给消费者更理想的岩板品质；

更平整，更好的干粒抛（意大利进口），更少的水波纹。

更好的空间艺术装饰性，与空间美学紧密相连，拥有更完善且丰富的色彩系统，更丰富的纹理，更有意境的自然艺术构图。

更有弹性的定制服务，为设计师提供全方位的匹配服务。

Definition of Ultra-realistic Porcelain Slab

{ Ultra }

Refusing to be mediocre.
 Focusing on high-quality products,
 with a firm belief in innovation.
 With strong and mature R & D design strength,
 aiming to promote Chinese Porcelain Slab to the world.

{ Realistic }

Forming extremely high-resolution original stone files through
 ultra-high-definition scanning technology and
 special toning techniques + an exclusive glaze color formula
 Giving the porcelain slab a more vivid, moist, thorough,
 delicate and lifelike effect,
 and the finished product can be infinitely close to the stone.

{ Standard for ultra-high-definition & ultra-realistic porcelain slab }

Pure, natural, realistic, massive, delicate, warm, layered and artistic.

The generation of every piece of stone is great and difficult,
The arduous journey of germination,
transformation and precipitation from billions of years ago.
How many vicissitudes of life have passed,
There are very few top quality stones remaining.
The stone resources are depleted,
While Porcelain Slab is at the beginning of the industry.
The Ultra-realistic Porcelain Slab
would be a continuation of the stone life's story.....

Every piece of porcelain slab has its unique artistic charm,
It would be in different shapes,
Or with unique and beautiful texture,
The beauty of nature is restored here by Moreroom.

Never go with the flow,
Defining high-quality life with Italian aesthetics!
