# EARTH COLORS

Origin: Livorno, Italy

Design philosophy: With the original color, after strict crafts processing, reproduces the touching reality and purified nature. Solid with spirituality.

Livorno is widely considered as “Ideal city” in Renaissance Period. Have been through history of varying, people and things He still stands erect there, never move an inch.

## Livorno

No need about gorgeous colors  
Let alone complicated and intended texture  
Original and truth only  
Conscience of rocks only  
why insister is precious, because he does insist

## **EARTH COLORS-L**

Multiple layouts reproduce the lively texture of natural rock to heighten natural effect after installing.

**CORE TECHNOLOGY**

**Micro-Engraving Technology** - Represent the lively texture of rocks. Originated from Italy design, Italy Rock series has adopted the micro-engraving technology to represent the texture effect on the surface of the tiles, lively as natural rock.

**Numerous surface in One Rock** - Heighten the natural effect with multiple layouts. Italy Rock series has adopted multi-edition positional output technology to guarantee numerous layouts in every product and used various compound techniques to produce multiple surface effect, heighten the nature effect after installing.

**Three-Dimensional Inkjet Technology** - Reproduce Nature color. Using the advanced inkjet equipment and glaze technology to extend the color gamut, the natural color of Rock has been reproduced in Nanogress Italy Rock series.

**High Definition Effect** - Reproduce a real rock. Italy Rock, originated from Italy as its name suggests, realistically reproduces the natural landscape of rock in Italy with its vivid and multiple surface.
