# ALCHEMY

La alquimia entendida como protociencia, el origen de la química. La idea de tomar materiales comunes y transformarlos en algo de valor incalculable. Convertir el plomo en oro, incluso tratar de conseguir el elixir de la vida eterna.

Esta es nuestra inspiración y punto de partida de la nueva colección de Peronda. Combinar gráficas, jugar con las texturas, los detalles, para obtener algo que va más allá de lo natural.

Alchemy understood as protoscience, the origin of chemistry. The idea of taking common materials and transforming them into something of incalculable value. Convert lead into gold, even try to get the elixir of eternal life.

This is our inspiration and starting point for the new Peronda collection. Combine graphics, play with textures, details, to obtain something that goes beyond natural.

# 20MM

EXTRAORDINARY RESISTANCE

## LO MÁS ROBUSTO DE PERONDA

La última tecnología en producción cerámica se materializa en 20 mm, el porcelánico de mayor espesor con todos los beneficios de 4D Tech en el producto más robusto de Peronda.

## MAYOR ESPESOR SIN COSTILLA

Somos pioneros en producir piezas de este espesor con prensa continua. Además de todas las características de un producto 4D, 20 mm permite la ausencia de costilla en la pieza.

## RESISTENCIA EXTRAORDINARIA

La base plana del 20 mm ofrece un total contacto con la superficie de soporte. Sobre plots u otro material, el resultado es más resistente, toda la pieza absorbe el impacto.

## PERONDA'S MOST ROBUST

The latest technology in ceramic production becomes a reality in 20 mm. The thickest porcelain with all the benefits of 4D Tech in Peronda's most robust product.

## THICKER WITHOUT RIBBING

We are pioneers in producing pieces of this thickness with continuous press. Besides all the features of a 4D product, 20 mm allows for the lack of ribbing.

## EXTRAORDINARY RESISTANCE

The flat base of 20 mm offers complete contact with the supporting area. Be it on plots or any other material, it is more resistant since the whole piece absorbs the impact.

**IRON**

**Contemporary charm**

Alchemy Iron is inspired by Grigio Soveraia: a striking, highly-prized grey marble, originally from the Middle East. Unique personality is afforded by the delicate white veins that streak its surface. Alchemy Iron's design brings an eye-catching modern appeal to settings of differing kinds, since its colour fits in with a variety of styles, providing an added dose of refinement and sophistication.

**Encanto contemporáneo**

Grigio Soveraia, piedra gris de gran valor original de Oriente Medio, presta su carácter llamativo a Alchemy Iron. Este distinguido material presenta delicadas vetas blancas que le otorgan una personalidad inigualable. Eleva cualquier espacio con su belleza moderna, ya que este tono armoniza sin esfuerzo con varios estilos, agregando un toque de sofisticación y refinamiento.
