NEST

NEST, la nuova proposta di ABK ispirata ai legni di recupero, ne riproduce con sorprendente realismo i dettagli grafici tridimensionali. L'estetica aged sottolineata dalle stuccature a vista in cemento, avvicina il prodotto alla tendenza Industry che pervade il gusto eclettico degli spazi abitativi di oggi.

NEST, the new ABK collection inspired by reclaimed wood, reproduces the material's three-dimensional graphic details with astonishing realism. With its aged aesthetic enhanced by traces of cement filler, the collection has an eclectic industrial look typical of contemporary living spaces.

MATCHING MATERIALS

Attraverso le molteplici ispirazioni offerte dalla gamma ABK, è possibile personalizzare ogni ambiente donandogli una sensazione materica sempre differente.

Pietra, cemento, metallo, legno e pattern si combinano sapientemente tra loro, dando vita a sorprendenti contaminazioni stilistiche per architetture estremamente contemporanee.

The many inspirations behind the ABK range can be used to customise any space and create constantly changing material effects.

Stone, concrete, metal, wood and pattern are skilfully combined to create a surprising crossover style ideal for highly contemporary architectural solutions.
