Biarritz

Sulle coste sabbiose di Biarritz un tempo salutate dal passaggio delle balene atlantiche, sorgono monumenti e scorci di grande eleganza. Il fascino delle onde marine che ne accarezzano le spiagge, l'hanno trasformata nella California dell'Europa, luogo prediletto per il surf e la vita di mare. Con il suo stile ricercato sempre attento alle mode e alle tendenze, Biarritz, fulcro di una mondanità e un jet set per nulla scontati, ispira una collezione di pavimenti e rivestimenti pensata per vestire d'eleganza la dolce vita contemporanea. Delicate texture che mescolano geometrie a elementi floreali perfettamente abbinabili fra loro, accompagnano le superfici di questa collezione, per riportare negli spazi tutta la bellezza della pietra. L'ampia gamma di formati modulari e la ricchezza dei colori consentono soluzioni decorative di grande impatto visivo, rendendo Biarritz la soluzione perfetta per personalizzare con pavimenti e rivestimenti, ambienti interni e spazi esterni.

On the sandy coasts around Biarritz, sometimes visited by passing Atlantic whales, there are monuments and views of great elegance. The appeal of the ocean waves pounding onto the beaches has transformed it into Europe's California, and a favourite resort for surfing and seaside living. With its classy style and a constant eye kept on fashions and the latest trends, Biarritz, pinnacle of sophistication and home to a jet set to be reckoned with, inspires a collection of floors and walls devised to clothe this contemporary, laid-back lifestyle with elegance. Delicate textures mixing geometrical designs with floral elements that match each other to perfection are to be found on the surfaces in this collection, to bring back all the beauty of stone to the surroundings. The wide range of modular sizes and the richness of the colours enable decorative solutions of great visual impact to be achieved, making Biarritz the ideal solution to customize the floors and walls of indoor and outdoor areas.

Les côtes sableuses de Biarritz, autrefois saluées par le passage des baleines de l'Atlantique, offrent aux regards des monuments et des vues d'une grande élégance. Le charme des vagues caressant ses plages en ont fait la Californie de l'Europe, un lieu de prédilection des surfeurs et des amateurs de mer. Avec son style recherché, attentif aux modes et aux tendances, Biarritz cœur d'une mondanité et d'une jet-set souvent imprévisibles, a été source d'inspiration pour une collection de revêtements sol et mur, conçue pour donner de l'élegance à la « dolce vita » contemporaine. De délicates textures, qui mêlent géométries et éléments floraux faciles à coordonner, accompagnent les surfaces de cette collection, pour apporter dans les espaces toute la beauté de la pierre. La vaste gamme de formats modulaires et la richesse des coloris permettent des solutions décoratives au grand impact visuel, et font de Biarritz la solution idéale pour personnaliser les espaces intérieurs et extérieurs grâce aux revêtements de sol et de mur.

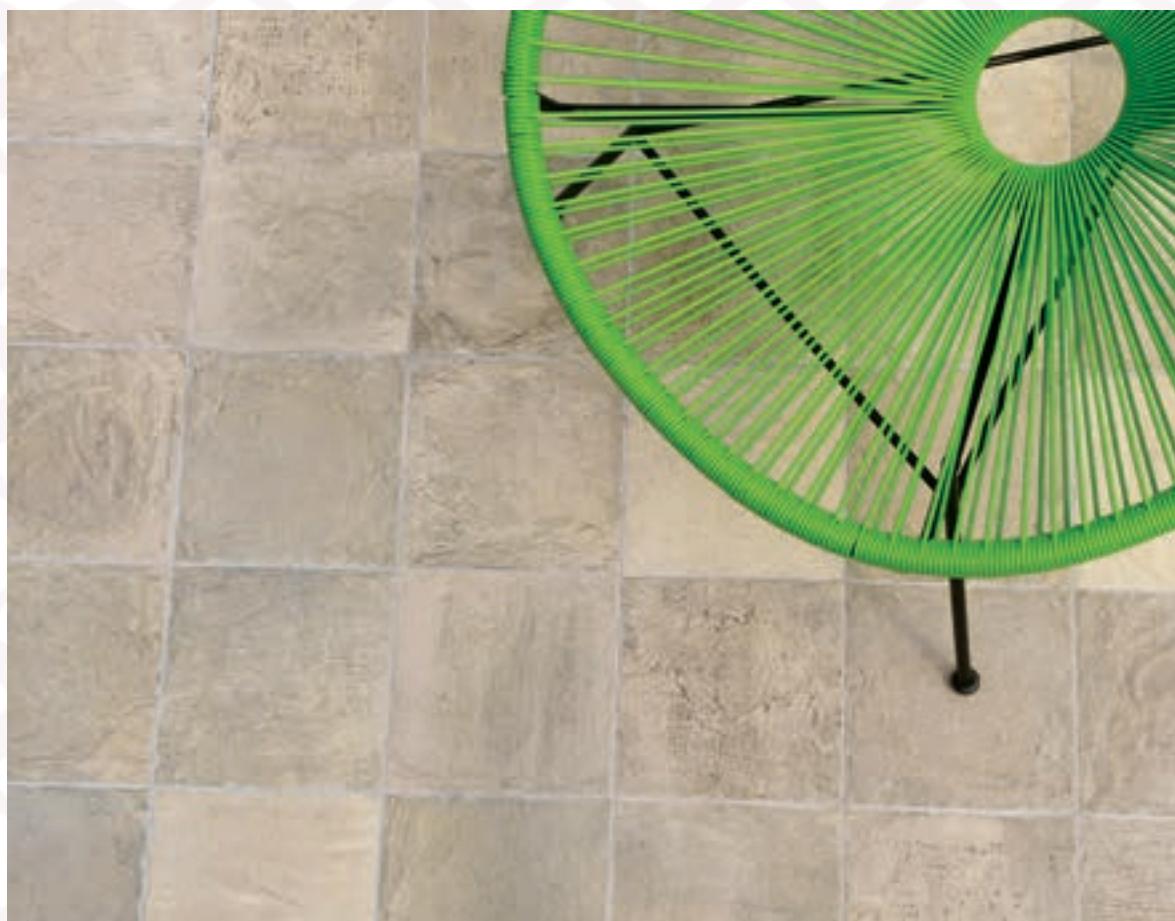

An der sandigen Küste von Biarritz, die einst von den Walfischen des Atlantischen Ozeans heimgesucht wurden, befinden sich höchst elegante Monumente und Ausblicke. Die charmanter Wellen, die die Strände streicheln, haben den Ort zum europäischen Kalifornien gemacht, einen für den Surf Sport und das Strandleben bevorzugten Ort. Dank seines anspruchsvollen Stils, der stets auf Moden und Trends achtet, hat Biarritz als mondäner Mittelpunkt eines ganz und gar nicht abgedroschenen Jet Set eine Boden- und Wandverkleidungskollektion für eine elegante Ausstattung der kontemporären „Dolce Vita“ inspiriert. Zarte Texturen, die Geometrien mit perfekt untereinander kombinationsfähigen Blumenelementen mischen, begleiten die Oberflächen dieser Kollektion, um die volle Schönheit von Stein wieder in die Räume zu schaffen. Das umfangreiche Sortiment modularer Formate und die satten Farben ermöglichen höchst eindrucksvolle Dekorationen und machen aus Biarritz die perfekte Lösung für die Personalisierung von Böden und Wänden, Innen- und Außenbereichen.

На песчаных берегах Биаррица, которые в свое время приветствовали проплыvавшие мимо киты, высятся памятники и открывают элегантные виды. Очарование морских волн, ласкающих пляжи, превратило его в европейскую Калифорнию - наилучшее место для серфинга и жизни на море. Благодаря своему изысканному стилю, который всегда внимателен к моде и к ее тенденциям, Биарриц, настоящий центр светской жизни и место притяжения элиты общества, вдохновляет собой коллекцию напольной и облицовочной плитки, задуманной для элегантного оформления современной сладкой жизни. Нежная текстура, смешивающаяся отличично сочетающиеся друг с другом геометрию и цветочные элементы, украшает поверхности этой коллекции, воспроизводя в пространствах всю красоту камня. Большая гамма модульных форматов и изысканность цветов позволяют получать декоративные решения с сильным зрительным эффектом, превращая Biarritz в идеальное решение для индивидуального оформления интерьеров и наружных пространств при помощи полов и облицовки стен.
